PULA INVULA

Yenza utyalo-mali ebantwini ukuze lwenzeke kwikamva

**UGQALISELO OLUSENTLOKO LWAYO NAYIPHI
INKQUBO YOPHULISO MALUBE SEKOMELEZWENI
KWASEKUQALENI KWABANTU ABASEBENZAYO. NGA-
PHANDLE KOKUYA KWIINGXOXO ZEZIFUNDO OKANYE
ZOBUCHULE BOKUSEBENZA, ASINAKUWUQONDA
KAKUHLE UMBA WOKOMELEZWA KWASEKUQALENI.**

Kwizifundo zoqobo kwezoqoqosho, ukomelela kwasekuqaleni ngomnye wemibandela ebalulekileyo kwimveliso. Eminye, ngumhlaba, ngabasebenzi kanti ngokuluvu lwabanye, liziko, ukuqaliswa koshishino, okanye ulawulo. Zonke ezi zinto ziintlobo zokomelela kwasekuqaleni. Ukomelela kwasekuqaleni kunokubonwa “njengempahla egciniweyo” – kuyinto exabisekileyo, okanye “umthombo wobutyebi”.

Ubuncinane bexesha, ukususela kwiminyaka yoo-1960, iingcali zoqoqosho ziye zathi chatha ukugqalisela kwiintlobo ezibanzi zokomelela kwasekuqaleni. Umzekelo, utyalo-mali kwizakhono zobuchule nakwimifundo kunokubonwa njengokwakha ukomelela kwabantu okanye ukomelela

kolwazi kanti utyalo-mali kwimveliso yobunkcuba-buchopho inokubonwa njengokwakha ukomelela kobunkcuba-buchopho.

Ukomelela kwabantu kubandakanya:

- Ukomelela kwabantu ngabanye, nokukhoyo ngen-dalo ebantwini – nokukwabizwa ngokuba “sisiphiwo”, “ingqiqo”, “ubunkokeli”, imizimba eqeqeshiweyo” okanye izakhono zobuchule zemveli.”
 - Ukomelela ngokwasentlalweni lixabiso lobudlelwane bokuthembana phakathi kwabantu ngabanye kuqoqosho.
 - Ukomelela ngokwasemoyeni, okubhekiselele emandleni, kwiimpembelelo nezenzo ezidale inkolo ngokwasemoyeni, ulwazi nokusebenza.
- Ukuba siza kukwazi ukuphumeza uphuhliso lomlimi olunempumelelo nolulondolozekayo, kufuneka senze utyalo-mali kubalimi ngabanye. Kufuneka sikhulise ulwazi lwabo, izakhono zobuchule babo, ingqiqo yabo, uthando olushushu lwabo, ukuzimisela kwabo kananjalo sakhe ubudlelwane obomeleleyo nobungapheliyo nabalimi.

UMama uJane uthi...

Ukufunda kwam le Pula kundenze ndaqonda mhlophe ukuba umsebenzi wokufama uphathelene nabantu abasebenzisa umhlaba. Umhlaba ubusoloko ukhona kwiminyaka engamawaka, kwaye thina sinenyhweba yokuwusebenzisa. Sinye isizathu esenza ukuba nathi sikwazi ukuwusebenzisa kukuba izizukulwana ezingaphambili beziwugcine kakuhle. Nathi ke ngoko kufuneka siwuphathe kakuhle ukuze izizukulwana zexesha elizayo nazo zikwazi ukuwusebenzisa ukuze zivelise ukutya nemicu.

Sinethamsanqa elikhulu lokufumana amaxabiso amahle emveliso kulo nyaka. Kaninzi abalimi basebenza nzima ngokwenene bavelise isityalo esincomekayo kodwa amaxabiso abe phantsi. Akunanzuzo kubalimi ukusebenza nzima kodwa kungabikho nto bayifumanyo. Ndiyathemba ukuba nina nonke niya kukwazi ukurhweba ngezityalo zenu eziziinkozo nangembewu ye-oyle ngexabiso elihle – umvuzo ohambelana nokusebenza kwenu nzima.

Kufuneka sihlale sijonge phambili – ngeli xesha, kuba lixesha elikhola ukungaphithizeli emasimini ngoko ke lixesha elihle lokucinga ngonyaka ozayo. Kukho amathuba amatsha avelayo kwishishini lesoya – kanti isoya sisityalo esikulungele kakhulu ukusetyenziswa kujikelezo lombona wakho. Mhlawumbi ungacinga ngokuba zeziphi izityalo onokuzilima kwixesha elizayo lasehlotyeni ukuze ukwazi ukwenza amalungiselelo ayimfuneko kwangoku – ukuba siyacothisa ebusika siya kubona intlakohlaza seyigaleleke singekayicingi. Nceda ngokunjalo zinike ithuba kwangoku lokuqwalasela zonke izixhobo zakho zokusebenza, iitrektara noomatshini. Ukuba uziqwalasela kwangoku kananjalo ulungise yonke into ngendlela efanelekileyo, uya kukwazi ukulonwabela ixesha elizayo lonyaka.

Ungalibali ukuthengisa nayiphi imfuyo ongazi kuyisebenzisa phambi kwasebusika – isilwanyana esityebileyo sithengiseka ngexabiso elithe chatha. Gcina izilwanyana ozisebenzisayo ukuze umsebenzi wakho wasefama uqhubele phambili – umsebenzi wasefama lishishini awuyobhanki yolondolozo!

Ndiyathemba ukuba uyawenza amalungiselelo okuya kwiVeki yeNampo Harvest kulo nyaka eBotshaville. Iya kuqala ngomhla we-15 ukuya kowe-18 kuMeyi 2012. Lo mboniso ukunika ithuba elihle lokutyebisa umbono wakho wezolimo. Siya kubonana apho...

Ukulimela ukuphila – apho kukho umnqweno kukho icebo

Thamsanqa Hadebe proudly showing off his mielies.

NJENGABAUQUZELELI BAMAPHONDO SINENJONGO YOKUPHUHLISA ABALIMI ABARHWEBANGEZITYALO EZIZIINKOZO NABANAKO UKUBA NEGALELO KUKHUSELEKO LOKUTYA EMAKHAYANASESIZWENI NGOKUSEBENZISA NGEYONANDLELA IFANELEKILEYO UBUTYEBI BENDALO ANOKUBUFUMANA UMLIMI NGAMNYE. OKUKUNOKUPHUNYEZWA NGOKUDALA INGUQUKONONCEDO EBOMINI BOMNTU NGOKUBANEENTLANGANISO ZAMAQELA OFUNDO-NZULUNEENTSUKU ZABALIMI APHO KWABELWANAKHONA NGOLWAZI OLUBALULEKILEYO.

Baninzi abantu abathi bafuna ukuba ngabalimi kodwa xa uqwalasela ubona amawaka eehektare zomhlaba odityanelweyo nomhlaba owabiwe ngokutsha ongasetyenziswa ngokupheleleyo. Abalimi kufuneka bazithwalele ngokwabo uxanduva nempumelelo eyiyeyabo. Omnye umlimi olimela ukuphila nguThamsanqa Hadebe wasengingqini yaseLoskop kufuphi eEstcourt. Ubesoloko elilungu elizimiseleyo le-Qela loFundo-nzulu e-Emangweni kwiminyaka emithathu edlulileyo. Uzigqibe ngempumelo izifundo ezithathu zoqeqesho. UMnu Hadebe uqale kancinane kumhlaba obukhulu bungephi wehektare ye-1,8 kodwa kweli xesha lonyaka wenze isigqibo sokwandisa ngokulima iihhektare ezili-9,5 zombona we-Roundup Ready. Kumaxesha onyaka adlulileyo uye waba nengxaki yokutshatyalaliswa kokhula nokusetyenziswa kwemichiza yokutshabalalisa ukhula. Ngokusebenzisa iziphumo zakhe zeasampulu

zomhlaba waba nako ukwazi ukuba sesiphi isichumiso anokusisebenzisa nokuba zibe ngaphi iingxowa ngehektare nganye. Usebenzise inkqubo yokutshiza kwaphambi kokuhluma nasemva kokuhluma waza ngaphezulu wandlala ama-200 kg e-LAN ngehektare nganye.

Kuyamangalisa kakhulu kwaye kuyanelisa ukubona inkqubela yalo mlimi owenze izinto ezisisiseko ngendlela efanelekileyo – ukulungisa umhlaba, ukufaka isichumiso, ukukhetha imbewu ngokuchanekileyo nokutshabalalisa ukhula. Kaninzi abantu baza kukuxelela ukuba abakwa-zikwenza izinto ngendlela efanelekileyo ngenxa yezizathu eziliqela ezifana nezi – abanye bathi abanayo itrektara, abanye batyhola iindleko zembewu nezesichumiso kanti abanye batyhola urhulumente. Lo mlimi sithetha ngaye apha akanatrektara engenazo nezixhobo zokusebenza kodwa usebenzise umbhambathiswa qha.

UMnu Hadebe ucinga ngendlela ephumelelisayo kuba nangoku selecinga ngokufumana amanye amasimi aza kuwalima kunyaka ozayo okanye azithengele itrektara nezixhobo kwangoko kwixesha elizayo. Uphuhliso lolondolozo kunye nokuphila okulondolozekayo lufanele ukubandakanya izinto ezisetyenziswayo anokuzifumana umntu kunye nongenelelo olundululwayo, nendlela okunokwandiswa ngayo ukusetyenziswa kwezixhobo ezixabisekileyo esezikhona.

NGUJURIE MENTZ, UMQUQUZELELI WEPHONDO WENKQUBO YASEGRAIN SA YOPHUHLISO LWAMAFAMA

1 Yenza utyalo-mali ebantwini ukuze lwenzeke kwikamva

Abalimi ngabantu abasebenzisa umhlaba, imali, oomatshini, amanzi, imigqa, abasebenzi kunye namagalelo ukuze bondle baphinde bavathise isizwe. Ngaphandle komlimi, zonke ezinye iintlobo zokomelela ziya kuhlala zingasetyenziswa.

Uphuhliso lwabantu luphathelene nokomelezwa kwezakhono nokuzisebenzisa ngendlela eyandisayo. Ukuqeqesha ngaphandle kwenjongo akusebenzi. Abantu kufuneka bakwazi ukudibanisa ulwazi kunye nezakhono zobuchule ukuze zisebenze kakuhle ngenjongo yokuphucula umgangatho wobomi babo. Kwixesha langoku eMzantsi Afrika, sibazi kakuhle abantu abaninzi abalufumeneyo uqeqesho (nkqu nabo bafike kwibanga lemfundo yesidanga kwiiYunivesithi) kodwa abangaphangeliyo – abangakwaziyo ukulusebenzisa kakuhle ulwazi lwabo.

Kukho intetho yesiNgesi sakudala ethi, “ukuziqhelanisa kuphuhlisa imfezeko”. Yinyaniso le ntetho emsebenzini wokufama – nabani okhe wawuzama umsebenzi wokufama uya kukwazi ukuba kuthatha ixesha nokuziqhelanisa ukuba ngumlimi ogqibeleleyo nolondolozekayo – iinkcukacha ozifumana ezincwadini zolwazi ziyinxalenye yenkqubo, kodwa ukuze ube ngumlimi wenene, (nokuba umsebenzi wakho wokulima mncinane, kufuneka ufumane ithuba lokusebenzisa uqeqesho ngendlela efanelekileyo).

Uphuhliso luhlanganiselwe. Oku akuphathelananga nezoqoqosho kuphela. Kuluntu lwethu namhla, kuqhelekile ukucinga ukuba uphuhliso luphathelene nemali. Oku kuthe qelele kakhulu enyanisweni – ukunika abantu imali akuthethi ukuba bayaphuhla. Kananjalo, ukunika abantu umhlaba, oomatshini, imali nemimandla yentengiso nako akusayi kubaphuhlisa abalimi – uphuhliso luphathelene nokukhula kokomelela kwakuqala kwabantu. Umlimi kufuneka ayazi indlela yokusebenzisa zonke ezinye iindlela zokomelela kwasekuqaleni – kaninzi siyeva ngabalimi abangenazindawo zokuthengisa, kodwa xa usenza uphando, ufumanisa ukuba akukho nto isemgangathweni inokusiwa kwiindawo zokuthengisa!

Le nkqubo iqala ngaphakathi kuwe (yintoni onayo ngoku kwaye wenza ntoni ngoku?) Kaninzi sifuna ukuba wonke umntu abe semgangathweni ofana nowabanye enze okwenziwa ngabanye ngendlela efana

neyabanye (oko kukholisa ukwenziwa kukuba kaninzi sicinga ukuba indlela yethu yeyona ibhetele) Akukho nto yakhiwa ukusuka phezu ukuya ezantsi – yonke into iqala kwinqanaba lesiseko. Into eyenziwa ngumlimi ngoku yinto akwaziyo ukuyenza nayiqondayo – ukwakha ukusuka apho ukuya phambili kuya kumnceda umlimi ukuba aqhele “iindlela ezintsha zokusebenza” aze aqhube ngokuzisebenzisa.

Uphuhliso yinkqubo yenguquko enika ithemba ebomini bomntu.

Uphuhliso alunakumshiya umntu ekwimeko embi kuneyakuqala. Masiqiniseke ukuba inkqubo yophuhliso ihambelana neemfuno kunye neminqweno yomntu obandakanyekayo nokuthi naziphi iinguquko ezenzekayo zinika ithemba lokuphucula.

Uphuhliso alukhawulezi kwaye maxa wambi luyinkqubo evisa ubuhlungu. Sisoloko singxamise! Khumbula ngexesha lokuzalwa komntwana wakho, ubufuna ukuba makancume, ahlale, ahambe, agqibele ngokubaleka, aze aye esikolweni njl.njl. Lonke ixesha ufuna ukuba makwenzeke into elandelayo ngokukhawuleza. Ubomi abulogqatso – siqhele ukufunda ukuba “ubomi luhambo aluyondawo ekuyiwa kuyo”. Ukuphuhlisa abantu kuthatha ixesha, kodwa lulolona tyalo-mali lunenzuzo onokulwenza. Ukwenza utyalo-mali ebomini bomntu umntu kuluzuko. Masivume kuthathe ixesha ukukhula nokuphuhla komntu ngamnye. Asinakusoloko silinganisa ubungakanani benkqubo yophuhliso, kodwa oko akuthethi ukuba kufuneka siyeke ukwenza utyalo-mali.

Uphuhliso luphunyezwa ngokuzithemba kwinxaxheba ethathwa ngokuzimisela. Akunako “ukwenzela abantu izinto” uze ulindele ukuba baphuhle. Abantu kufuneka bazibandakanye. Kufuneka babe ngabanini benkqubo kunye neziphumo zayo – abantu mababe sesizikithini senkqubo. Bavumele abantu ukuba bazenze iimpazamo ezincinane ukuze bafunde kwiimpazamo zabo. Ukukhusela abantu kwintsilelo kuba neziphumo selahleko eyenzeka kwizinto ezixabisekileyo.

Masincede sithathe ixesha sense utyalo-mali kuphuhliso lwabantu – ngaphandle kotyalo-mali olwenziwa ebantwini, asinakamva.

NGUJANE MCPHERSON, UMPHATHI WENKQUBO
YASEGRAIN SA YENKQUBO YOPHUHLISO LWABALIMI

Okubalulekileyo kukwenza, asisosiqhamo sokwenza. Kufuneka wenze okufanelekileyo. Kusenokuba ngaphaya kwamandla akho, kungenzeka ukuba kungabi lixesha lakho lokufumana kwaso nasiphi isiqhamo. Kodwa oko akuthethi ukuba kufuneka uyeke ukwenza into efanelekileyo. Usenokungazazi iziqhamo eziya kufumaneka ngesenzo sakho. Khumbula ukuba xa kungekho nto uyenzayo, akusayi kubakho ziphumo. Mahatma Gandhi.

linguquko kuBume beMeko yeeNdawo – ziyinto ekhoyo (icandelo 2)

UBUME BEMKO ESINGQONGILEYO BU-ETHE-ETHE, IMOZULU IYAGUQUKA KWAYE KUKHO IMIBANDELA EXHALABISAYO YOBUSHUSHU OBANDILEYO BEHLABATHI EKUFUNKA SIQUBISENE NAYO. NAZI IINGONGOMA EZIYINENE EKUFUNKA THINA BALIMI SIQALISE UKUZIQWALASELA NZULU. KODWA YINTONI ESINOKUYENZA NGAZO APHA EKHAYA?

Kwi-Pula/Imvula kaMatshi 2012 siqwalasele amanyathelo afanele ukuthathwa ukuze iifama zethu sizenze zikulungele ukumelana nenguquko kubume beme-ko ezingqongileyo obufana nembalela kunye nokunqaba kwamanzi. Eli nqaku liza kuchaphazela imigaqo ethile esisiseko yokuhlangabezana neengxaki zendalo yasendle kunye neentlobo zendalo ehlaselayo nazo ekunokwenzeka ukuba zisisiphumo sokuguquka kwemozulu. Abalimi abaninzi sekufuneka becinge banzi ngeendlela zokutshabalalisa izinambuzane ezonakalisa izityalo nangokhula oluhlaselayo nolonakalisa izityalo zabo nomhlaba olimekayo nowokutyisa. Xa sinokukhawuleza ukuthatha amanyathelo ngokusebenzisa iindlela zolawulo kwezolimo kunye nezenzo zolawulo lobume obungqonge iindawo zethu, siya kuqalisa ukubona inguquko enika ithemba.

lingxaki zendalo yasendle

Ngenxa yenguquko kwimozulu kunye neemeko ezisisiphumo sokufudumala okuthe chatha, siza kuqala sibone ukwanda kwezizambuzane eziyingozi kwizityalo. Ziya konakalisa izityalo zethu kwaye zinganesakhono sokusasaza izifo phakathi kwemfuyo. Oku asiyonto esiyilangazelelayo...kwaphela! Ngoko ke, sifuna ukusebenzisa umgaqo ohlaziyiweyo wolawulo lweefama zethu – umgaqo ongayixhasiyo ingcingane yokulima into enye, intlaninge yemveliso nemveliso eyiyeyona iphezulu kwindawo encinane yomhlaba. Mhlawumbi mayibe ngumgaqo omanyenisa impilo yobume bendawo nokufumaneka kwenzuzo kwezoqoqosho njengenjongo enokukhethwa. Oku kuya kuba ne-siphumo solondolozeko lwezolimo oluthe chatha kwixesha elizayo nelinenkxaso eyandileyo yokubusisa nemiceli-mingeni yemozulu eguqukayo. Xa singafuni zingxaki zezinambuzane ezitshabalalisa izityalo nezendalo yasendle ukuba zisifumane kufuneka sisebenzise lo mgaqo umanyenisayo, njani? Ngokwahluka-hlukanisa!

- Tyala ulime iintlobo ezahluka-hlukeneyo zezityalo kwifama yakho kwaye

wenze ujikeleziso olulungileyo lwezityalo. Oku kuthetha izityalo ezisezigadini zakho nezityalo ezisemasimini akho.

- Khulisa imfuyo eyahluka-hlukileyo kwaye musa ukususa izilwanyana zasendle ezifumaneka ngokwendalo, ngaphandle kokuba zonakalisa okanye zingumceli-mngeni kwishishini lakho.
- Izityalo ezahluka-hlukeneyo nemfuyo zomeleza uzinzo lwendalo ephilayo, luzinzo olo lunika iinkonzo zendalo ezixabisekileyo kwifama yakho.
- Phuhlisa iinkqubo zeendledlana kwindawo yakho. Le yimicu yendalo jikelele okanye indalo ehlaziywayo eyekwe yodwa nengalinywanga. Ivumela ukukhula kwezityalo zandalo neentlobo zezilwanyana ukuba zibe nendawo ezikhula kuzo nokuba zikwazi ukuhamba-hamba ngokukhululekileyo kuloo ndawo.
- Khuthaza ubukho beziqwenzi-zilwanyana ezinoncedo kwifama yakho. Umzekelo, bekela bucala amabala asemingciphekweni yamasimi akho apho iintaka eziqwenziyo ezifana nookhetshe kunye nezikhova zinokuzingela khona. Oku kuya kunceda ekunciphiseni umonakalo owenzeka kwizityalo ngenxa yezidalwa ezincinane ezikhathazayo.
- Yiba neenkuku ezikhuliswa phantsi kweemeko eziyindalo kwikhaya lakho. Oku kunceda ekugxotheni iimpukane kanti kuyanceda nasekulawuleni ukhula kunye namadlelo amancinane ezilwanyana.

Kubalulekile ukukhumbula ukuba iintlobo ezininzi zendalo yasendle ezifumaneka ngendalo, enyanisweni ziluncedo kuthi. Ukuba sivumela umsebenzi wasefama owahluka-hlukanisayo, oko kuya kusanceda kulawulo lwezidalwa ezonakalisa izityalo. Iifama ezahluka-hlukanisayo zikhulisa ukomelela ngokuthe chatha ngokoqoqosho nangokuphilisana nenye indalo. Akunakundixelela ukuba oku akunamda xa siqwalasela ukungazinzi kwanamhla kwemeko yezoqoqosho nobume bemeke esingqongileyo. Zimbalwa iindlela zokuqalisa ngomgaqo wokwahluka-hlukanisa.

lintlobo ezihlaselayo ezingaqhelekanga (Alien invasive species – ii-Ais's)

Ngenxa yokuguqu-guquka kwemozulu, siza kuqala ukubona iinguquko kwizintlu zeentlobo zezityalo ezininzi – kwezinye iindawo sezibonakele. Iintlobo ezihlaselayo ezingaqhelekanga ezaziwa ngokuba zii-Ais's zikhula kakhulu

kwiimeko zemozulu eguqukileyo ngoko ke zinokuba yingozi kwimisebenzi yethu yasefama. Iingozi ezinokubakho kukulahlekelwa ngamadlelo okutyisa, ziingozi zemililo, kukulahlekelwa kukuphilisana kwendalo okuyindalo ngakumbi okuxhalabisayo, nokhuseleko lwamanzi. Njengabalondolozisi bomhlaba kufuneka sizazi izinto eziyingozi, kwaye sikulungele ukuzikhusela kuzo. Ngoko ke kubalulekile:

1. **Ukuba nemfundo.** Yazi ukuba zeziphi iintlobo ezizii-AIS's kwaye izeziphi ezizezalapho ngendalo. Fumanisa iindawo ezinokuba zizisulu nezinokuphilisana kwendalo okubuthathaka kwifama yakho. Zazi izinto onokuzenza zokusindisa imeko nokuba ungazidibanisa nabani xa kuvela loo ngxaki.
2. **Ukubeka iliso.** Ngolwazi olufumeneyo ngee-AIS's kufuneka usoloko ubeke iliso kwifama yakho ukhangele izinto eziyingozi kuyo. Kusebenzise oku kuyo yonke imisebenzi yefama jikelele ude ukwenze ngokwesiqhelo.
3. **Fumanisa kwaye ube nento oyenzayo ngaloo nto.** Xa ufumanisa okuthile okanye ukwanda kwee-AIS's, yilwa nazo ngokukhawuleza. Sebenzisa iindlela ezizezona zifanelekileyo zokuqubisana nengxaki kwaye uyiqwalasele inkqubela. Kufuneka "uyibambe ngeempondo inkomo" ngokwentetho yamaXhosa. Xa zilindwa zide zizinze ii-AIS's, kuba nzima ukuzikhucula emva kwexesha, maxa wambi kungenzeki. Mhlawumbi ungazibuza ukuba zeziphi ezinye iindlela onokuzisebenzisa. Ezona ndlela ziqhelekileyo nezisebenzayo zokususa ii-AIS's kukusebenzisa: izandla nezixhobo, ukusebenzisa imichiza okanye umanyaniso lwezi ndlela. Iindlela zokusebenzisa oomatshini nezandla zibandakanya ukuncothula ukhula ngezandla, ukulubhuqa, ukulugeca nokulukhupha. Le ndlela iyasebenza kakhulu xa izityalo zisekumabanga ezithole.

Imigaqo yokusebenzisa imichiza ibandakanya ukufakwa kweetyhefu zokhula, mhlawumbi njengeepilisi okanye ulwelo olunokutshizwa okanye lupeyintwe kwizityalo. Ikhulisa ukusebenza kakuhle kakhulu xa ifakwe ngokuchanekileyo, kodwa inako nokuba neendleko eziphezulu, yiloo nto kubhelele indlela yokumanyanisa. Ngenxa yeendleko eziphezulu, icebiso lam kukuba abalimi abangabamelwane mabasebenzisane xa zifana iingxaki zabo. Bangahlulelana ke ngoko ngeendleko kwaye basebenzisane njengakwilima. Kanti banokuzidibanisa norhulumente wendawo yabo njengoko ngamanye amaxesha kubakho iiprojekthi zokukhucula ii-AIS ezenziwa lisebe lezendalo; elezolimo okanye elezemibandela yamanzi, kwaye anokuninceda ngemali encinane okanye ningahlawuli xa basebenza kufutshane okanye kwindawo yenu. Ukuba ukhethe ukusebenzisa iindlela zokusebenzisa imichiza, nceda qiniseka ukuba usebenzisa leyo inokhuselo kwindalo engqongileyo neziintlobo ezibhalisiweyo zemichiza.

Yiba soloko ukhumbula ukuba indalo iyaphila iphefumle kubume bendawo kwaye esikwenza kuyo kuba neziphumo. Xa ulawulo lweefama nolawulo lobume bemeko yendawo lusebenzisana, iimeko ezimbi ezifana nenguquko yemozulu azibi namandla. Zikhathaze ngendlela ophatha ngayo ubume bemeko obungqonge ifama yakho. Kuya kuba lusizi xa sishiyela abantwana bethu ubume bemeko yendawo obudlaka-dlaka nobusemgangathweni osenzantsi.

NGUGAVIN MATHEWS, UMMELI WOLAWULO LOBUME BEMKO YEENDAWO, UKZN

PHOTO SOURCE: SOUTH AFRICA DEPARTMENT OF WATER AFFAIRS AND FORESTRY 2002/2003 ANNUAL REPORT

Masikhethe iziseko ezomeleleyo sakhe phezu kwazo

UOLIVER TAMBO OWAYENGUMKRESTU OZINIKELEYO WAKHA WAPHAWULA NGEMBALI YOBUNINI BOMHLABA eAFRIKA. ISIQULATHO SENTETHO YAKHE SASIKUKUBA ABAMHLOPHE BEZA neBHAYIBHILE eAFRIKA. NGEXESHA LAMATHUBA OKUTHANDAZA ABAMAMELI BABCETYISWA UKUBA BALIBAMBE NGAZO ZOZIBINI IZANDLA ILIZWI KODWA BAVALE AMEHLO. EKUPHELENI KWETHUBA LOKUTHANDAZA ABAMHLOPHE BEBENEMIHLABA ABAMNYAMA BONA BEBENE LIZWI.

UMongameli wethu, uMnu Zuma, ucatshulwe kwiphepha-ndaba ebeka uluvo lwakhe ngeenkonzo zonyango, amakhaya abantu abadala kunye nefuthe ezibe nalo kwinkcubeko yabantu abamnyama abawasebenzisayo ngoku. UJames Monangyane ukhe waxoxa "ngoBulumko bama-Afrika" thina bantu baMhlophe ziyanzinyelwa ukubuqonda ukuze ngenxa yoko urhulumente agqibele ngokuthatha izigqibo ezingenabulumko. Isiphumo esixhaphakileyo sezo ngxoxo zamaqela ahluka-hlukileyo kukusilela kwezisombululo zeengxaki ezininzi ezingekafunyanelwa zisombululo.

Ngokuqwalasela imizekelo ekhankanyiweyo nangokuqaphela umzabalazo womhlaba eMzantsi Afrika ngathi sinye isizekabani kuyo yonke imbali, "iimfazwe" (amadabi) imizabalazo yeentlanga ngeentlanga – abamhlophe behlasela abelusi bemihlambi. Emva koko kufike "idabi lamaBhulu" apho "iBritani namaBhulu" bebesilwela imibandela yomhlaba ekupheleni kweminyaka yoo-1890. Kwafunyaniswa idayimani negolide nezinye izimbiwa kwaza oko kwadala ubutyebi. Abalimi abamnyama bayeka iifama baya kufuna ubutyebi belizwe, apho bekukho khona amathuba engeniso ephucukileyo kunaleyo yokufama bokuziphilisa. Abemi abaninzi balandela. Akunakuba sathethwa ngemfuneko yeenkonzo zonyango eyayisanda ngenxa yogqabhuko lwezifo ezahluka-hlukileyo njengoko abantu babebuthelana ndawonye.

Kuye kwafuneka ukuba kuveliswe ukutya okuninzi ukuze kubekho urhwebo njengoko bekufuneka kondliwe izihlewe ebezize kusebenza emigodini nakwiindawo zoshishino ebeziphuhla. Kwiifama, iinkqubo zokulima ibizezakudala kodwa ukutya bekwanele namaxabiso efikeleleka. Bekufuneka abasebenzi abaninzi bokwenza umsebenzi. Bekuvunwa ngezandla ubukhulu becala. Kwakusoloko kufuneka abasebenzi abathechatha kwada kwafika abasebenzi abavela emazweni akufutshane.

Kwiifama itekhnoloji iqhubele phambili ngokukhawuleza – kodwa ethubeni akubangakho mfuneko yabasebenzi abaninzi kwinkqubo yokuvelisa imveliso.

Ngethamsanqa uphuhliso lwamashishini belukwazi ukufunxa imfunduko evela emazweni akufutshane. Kula mashumi eminyaka, umgaqo-nkqubo ophathelene nobunini bomhlaba wethu amandla kwada kwaba ngabamhlophe kuphela abanomhlaba weefama kuba kufuneka bevelise ukutya, mgaqo-nkqubo lowo obe sisiseko esibi sokwakhela ikamva.

Ulawulo ngentando yoninzi olusekwe ngo-1994 lubangele ukubhida ngokuphathelene nemibandela yomhlaba. "Iziseko" bezingomelelanga kwaza oko kwawenza nzima umbandela womhlaba. Ingaba uza kubuyiselwa njani umhlaba kwabamnyama abebengenanto icacayo ngaphandle "kokuLumko bama-Afrika"? Bachithe amashumi eminyaka kwiifama zabamhlophe njengabasebenzi. Uninzi lwabo bebezibamba ngezandla izitena kodwa bambalwa abebekwazi ukwenza izicwangciso, ukulawula nokuphumeza yonke inkqubo yokwakha ngenxa yokunqon-

Masikhethe iziseko ezomeleleyo sakhe phezu kwazo

gophala kweenkqubo zemfundo ezazingagqaliseli ekufundiseni abalimi bexesha elizayo (ulutsha).

Ukugqithiselwa kwezakhono zobuchule kwiifama bekusilela kwaye kunganelanga. Ukubuyela kwimikhwa nezenzo zexesha langaphambili akusayi kusinceda kukhuselo lokutya nakwiinkqubo zempilo. Ukucinga okusilelayo kukhokelele ekuvalweni kwezikolo zolimo (uMnu James Manengyande ngutitshala wezoLimo eClocolan) nakumaziko oqeqesho. Ulwazi lwalunganelanga ngokunjalo nezakhono zobuchule bokusebenza.

Ngenxa yeemeko ezingaphucukanga nobudlelwane ulutsha lwa-baMnyama alubanga namdla ekulandeleni uqeqesho kwezolimo. Isiseko sethu esakhela phezu kwaso si-ethe-ethe.

Lukhona noluvo lokuba umsebenzi wasefama awuphucukanga ngokunjalo nemfundo yawo. Kutheni zininzi kangaka iiprojekthi zolimo ezingaphumeleliyo ngoku? Ziliqela izizathu ezinokuba negalelo, nekufuneka kuxoxwe ngazo. Ukulima kunemibandela emine esentloko yomsebenzi wemveliso; umhlaba, abasebenzi, imali yokuqalisa nolawulo. Nazo iintsika ekwakhelwa kuzo.

Kwiiprojekthi ezininzi umhlaba unikelwe kumafama aye alindeleka ukuba azifunele abasebenzi. Ngelishwa, imali yokuqalisa ibaluleke kakhulu, kanti nolawulo ludinge ubuchule. Kukumbulala umntu obeqhele ukukhwela inqwelomoya njengomhambi ukulindela ukuba aziqhubele ngokwakhe. Akukho moto inokuhamba ngaphandle kwamafutha, ngokunjalo neshishini alinakusebenza ngaphandle kwemali yokuliqalisa nolawulo olufanelekileyo.

Kukho into esikholisa ukuyilibala eyokuba uninzi lwamagama asaphuhlayo ngabalimi besizukulwana sokuqala. Mna njengomlimi othathe umhlala-phantsi oberhweba, ndisisizukulwana sesibhozo kusapho lwam kwezolimo lweli lizwe. Ulwazi nesakhono sobuchule azifunyanwa ngofuzo; endikwaziyo kugqithiselwe kum ukususela kwizizukulwana ngezizukulwana kwaye kuxabisekile. Icebiso lam kukuba isiseko, ubukhulu becala sifumaneke ngale ndlela. Ukugqithiselwa phambili kolwazi ngale ndlela kuphuhlisa ngokusebenza nzima kwabantu abanezakhono zobuchule. Ingaba esi sithuba singenanto sikhulu kangaka sezizukulwana

siyakuzaliswa na kwaye sinyangwe? Impendulo ayilulanga. Uqeqesho nokugqithiselwa phambili kwezakhono zobuchule kuthatha ishumi leminyaka ukuya kwamathathu.

Uninzi lwamaziko anjengeGrain SA neminye imibutho enobutyebi obunokusetyenziswa, amashishini ezolimo, amalinge karhulumente, okubaluleke kakhulu kukuba abalimi abarhwebayo mabazibandakanye ekunikeni abalimi bethu abasaphuhlayo inkxaso.

Inkqubo yezikolo yaseGrain SA ivusa umdla omkhulu kwezolimo. Imbonakalo yezolimo ayintlanga. Phofu asinako ukusebenzisa ezolimo njengesixhobo sokuxhamla kwezopolitiko. Uphuhliso nenguquko zize kuba sisigxina. Kufuneka sandise amathuba olutsha.

Ugqaliselo lwethu malube kukukhetha iziseko ezomeleleyo nokwakhela phezu kwazo. Isicwangciso esingumalathi-ndlela sibalulekile ukuba siyafuna ukuthintela indlela. Kweli lizwe lethu asizange saba nomgaqo-nkqubo ophucukileyo. Ukunganyamezelani akuthethi ukuba iya kuba ntle inkqubela. Kufuneka sifumane ubulumko noncedo kumafama arhwebayo ukuze oku kugqirhiselwe kubalimi bexesha elizayo.

Okokugqibela kodwa okubalulekileyo kukuba akukho nto inokuthatha indawo yokusebenza nzima. Maxa wambi iimeko azintlanga kwaye amaxesha akonwabisi kodwa kufuneka sibuke ingqolowa ephucukileyo okanye ithole elisandul'ukuzalwa. Kubaluleke kakhulu kwinguquko yanamhla ukuqwalasela ngakumbi nokuvuselela iinqobo zokuziphatha emsebenzini. Iinkabi ezityebileyo, ezonqenayo azinakulitsala ikhuba.

Masivume, nangona kunjalo ukuba izenzo ezigqithelwe lixesha nezakudala ziya kusilela ekondleni isizwe. Kufuneka sigqalisele kumalinge ophuhliso kwimisebenzi yemveliso yanamhla.

Nokuba sineenkolo ezahluka-hlukileyo, sidinga ukuphila kwaye sikholelwe kubudlelwane bethu noMdali. Kumaxesha anzima nalungileyo siqaphele inceba yemihla ngemihla esiyifumanayo njengeengcali kwezolimo. Thwala uxanduva lobunini, yiba nokholo ukuze sondle isizwe sethu esixabisekileyo.

NGUJAN DE VILLIERS, UMLIMI OTHATHE UMHLALA-PHANTSI

Icebo lempumelelo likaSamuel Molo

UKUSEBENZA NZIMA NEEMKO EZINGENTLANGA ZIKHOLISA UKUKHOKELELA EKUBHIDEKENI NASEKUTSALENI NZIMA. ULWIMI LWESESotho LUNENKCAZO ENTLE NGEEMKO EZINJALO. "ISILWANYANA SINEMILENZE EMINE KODWA SIYAKWAZI UKUKHUBIKA SIWE, ABANTU BEMA NGEMILENZE EMIBINI KUPHELA." (NGOKO KE KULULA NGAKUMBI UKUBA UMNTU AWE). ICEBO KE KUKUBA UMNTU EME KWAYE AQHUBE NGOBOMI NOKUBA INJANI IMBALI – ASINAMINI YAYIZOLO OKANYE EYANGOMSO, SINEMINI YANAMHLA KUPHELA.

USamuel Molo wazalelwa eFouriesburg apho abazali bakhe babesebenza khona kwifama kaLinde du Plessis. Ukususela esemncinane uSamuel wazithanda ezolimo, ukulima, ukutyala, ukuvuna kakhulu. Wayengenaxesha lokudlala ethanda ukubukela iinkqubo zokusebenza efama. Oko kwaba sisiseko sakhe apho wakhela khona ikamva lakhe.

Uthe akugqiba esikolweni wasebenzela umbuso kwiminyakana embalwa kodwa wakubona kungenamda oko. Wayengazange walulahlathando lwakhe. Ingxaki awayejongene naye "yayikukuqalisa". Ngenye imini uthe emamele iRadio Lesedi weva intetho kaJane McPherson waseGrain SA apho wayesazisa khona iinkcukacha ngezifundo nangamaqela ofundo-nzulu ezazinikwa ngabakwaGrain SA. Oko kwaba kukuphendulwa komthandazo kaSamuel.

UDavid Exley umlimi oselula ovela eFouriesburg weva ngengxaki yakhe. Waqhagamshelana noSamuel waza wamnika iihektare ezingama-30 zomhlaba olimekayo, iitrekta nezixhobo zokusebenza zakhe, zonke ezo zinto "simahlath". Walima iihektare ezingama-30 zombona omhlophe saza isivuno saba ngaphezulu kwiitoni ezi-5 ngehektare nganye. "Ndaba nombulelo omkhulu ngokufumana eli thuba", utsho uSamuel. Esi saba sisiqalo sezinto ezinkulu ezazisa kulandela.

USamuel waba nethamsanqa lokuqesha umhlaba onesakhono esiphazulu kumasipala wendawo yakhe waphinda wamnceda uDavid waza walima iihektare ezingama-30 zengqolowa saba sihle isivuno. I-OVK yancedisa abalimi ngezibonelelo zemali yokulima umbona. UJohan Kriel waseGrain SA naye wamncedisa. USamuel wayefumana isivuno esikhulu sesityalo sakhe waza wanomda omangalisayo. Waphinda waqesha ezinye iihektare ezingama-320 kwiqela labalimi abasaphuhlazo ababenomda ekufuyeni kuphela. "Ukulima kumgcina ethobekile umntu", utsho.

Isivuno sikajongilanga zange siphume kakuhle kanti nombona wathengiseka ngamaxabiso aphantsi. Kuxa kulapha apho kuba nzima khona. Isityalo esiyinqolowa sasindisa imini laza laqhuba ishishini. Amaxesha emveliso ayengamahlanga kanti uhlahlo lwabiwo-mali lwalusalatha ukuba kufuneka abe nobuchule kakhulu xa esenza izigqibo nezicwangciso. Msinyane, imeko yaba neengxaki.

Izenzo zokungalimi mhlaba malunga nengqolowa zaba nempumelelo ngexesha lonyaka lemveliso yethuba elidlulileyo. Iimali-mboleko zakhutshwa emva kwexesha. Imvula yana emva kwexesha entlakohlaza kwaza akwaphucuka ukuntshula kwembewu ngenxa yoko i-inshorensi ayamkelwa. Zange kube mnandi kumLimi woNyaka. "Ndandihleli ndedwa ndingafuni bantu kwaye babengathi bayandikruqula. Ndandingakwazi nokuphendula ifowuni. NdandinguYobhi waseziBhalweni, ndiseluthuthwni."

Ukuzibona engumLimi woNyaka kwamenza wanebhongo kakhulu kodwa kwamenza waziva ethobile. Wabhabha ukuya eKapa ukuya kuhlalana noNks Tina Joemat-Pettersson (UMphathiswa wezoLimo) kunye noMphathiswa W. Nkwiti (uMphathiswa weMibandela yomHlabathi) kwamenza imincili ngendlela emangalisayo. Iingxoxo zaba

Icebo lempumelelo likaSamuel Moloi

neziphumo ezihle kwaza kwabonakala ngathi urhulumente uqaphele ukuba imbewu etyaliweyo intshulile. Abalimi abasaphuhlayo badinga ukukhokelwa nemali yokuqalisa ishishini. Bafuna ukuncediswa kwimisebenzi yabo yokulima.

USamuel uqinisekile ukuba kwishumi elinye okanye amabini eminyaka uya kukwazi ukukhuphisana nabamelwane a bakhe abarhwebayo. Ufunda izinto ezininzi kananjalo norhulumente. Ezolimo zizifundo ezinamacala amaninzi kwaye ziyinzululwazi enobugoci-goci.

Nangona enothando olushushu, impumelelo neentsilelo igama likaSamuel alikho kwihektare enye yentsimi. Ibhongo nomceli-mngeni wokuba nefama yakhe likhulu. Okwangoku akakwazi kwenza isicwangciso sethuba elide. Ukuthenga umhlaba kufuna imali eninzi kakhulu kanti ukungabi namali yokuqalisa ishishini eyaneleyo kunokukhokelela kwityala lemali-mboleko. Amaxabiso anxulumene nommandla wokuthengisa kunye nexabiso lemveliso awawufanelanga umngcipheko. Ukufumana imali ye-lotto kunokunceda ekuhlawuleni imali ekhokeliswayo. Kubonakala ngathi urhulumente uthatha ixesha elide ukuqondaa ukubaluleka kwemveliso yokutya elondolozekayo. Ukuncedisa kwezolimo ngamaxesha ezidingo kubalulekile. Abalimi bayabekelwa amaxabiso abawabeki ngokwabo. Abalimi abarhwebayo bayazazi iingxaki zokulawula abasebenzi. Lo mba weshishini uza kuba ngumceli-mngeni msinyane kubalimi ukuze babe ngabaphathi abaphucukileyo babasebenzi babo.

“Umrhafisi (i-SARS) unqonkqoza ezindlwini zethu. Iinkqubo ezininzi seziqokelelwe zingathintekileyo. Abancedisi bam bemiba yemali bakwifem ethembekileyo eseBethlehem. Noko ndiyalala ebusuku ngokuphathelele nalo mba.” Liphupha lam ukuba nomhlambi wam weenkomo. Kubuhlungu ukuthi, ubusela nolwaphulo-mthetho kwimida

yethu kubambezela esi sigqibo. Masithembe uku-
ba alisayi kuhlala liliphupha elo.” Utshe uSamuel.

Ngokuphathelele nabalimi uthutho lusuke lwanzima kakhulu ngenxa yeendlela ezimbi. Kunzima ukufika kwiindawo zokuthengisa kanti ukugcina izithuthi zisemgangathweni kuya ngokutyabula mihla le. Ngenxa yokuba uSamuel unendawo yakhe akhanda kuyo, uyazikhandela izithuthi, ubukhulu becala. Oku kukwalishishini lesibini elixhasa uku-
lima.

“Andinakuthanda ukubona umhlaba unikelwa kubemi abangenalwazi nabangenazakhono zobuchule. Kufuneka kukhethwe abantu abaza kuvelisa ukutya okuphucukileyo nokwaneleyo. Maninzi amafama angenzi nto ngomhlaba nangexesha elifuneka kangaka. Sidinga ukuba nenjongo enye njengabalimi. Iingxaki zethu neminqweno yethu ayahluki nokuba simnyama okanye simhlophe. Lide ithuba ezopolitiko nabezopolitiki besebenzisa ezolimo njengebhola yabo ekhatywayo ukulungiselela iinzuzo zabo. Asidingi mibutho yabasebenzi yahlukileyo ukuze siphile njengabalimi. Ukwahlula amandla ethu kudliwano-ndlebe kuyatyatyafisa akuphucukanga. Masingalityabeki ngezinto ezininzi ilizwe lethu nekamva lesizwe sethu.”

USamuel unombulelo omkhulu ngokungazenzisiyo kubo bonke abamncedisileyo ngamaxesha alula nanzima. Unqwenela ukubulela abo bebezimisele ukuncedisa, ezazi ukuba akananto isecaleni anokuyifakela naye. Unethemba elikhulu ngezolimo zaseMzantsi Afrika kwaye uyaqonda ukuba unoxanduva olukhulu lokondla isizwe.

“Ndinephupha lokuba nomhlaba ongowam. Ndifuna oonyana bam ababini babe neqhayiya ngotata wabo ukuze babe sisizukulwana sesibini sabalimi.”
